

The Smart Home solution that makes your home smart

## WATERING KIT

Your smart irrigation system.

With this kit you can transform your irrigation system into a smart one, operable from the dedicated APP, via your smartphone or programmable to turn on when you want.

You can also control it via the remote control "Remote Control" (optional).

And if you want to operate it via voice commands or from outside the home, just purchase one of our hubs.

 **RELAY**
