

ENERGY MANAGER cod.9.000.005

Product code: 9.000.005
Sizes: 42 x 38 x 22mm
Relay features: AC 90V-250V | 50/60Hz | Max 16A
Supply voltage: 5VDC (use code 9.000.033)
Warranty: 2 years

 **MADE IN ITALY**
FC RoHS CE 

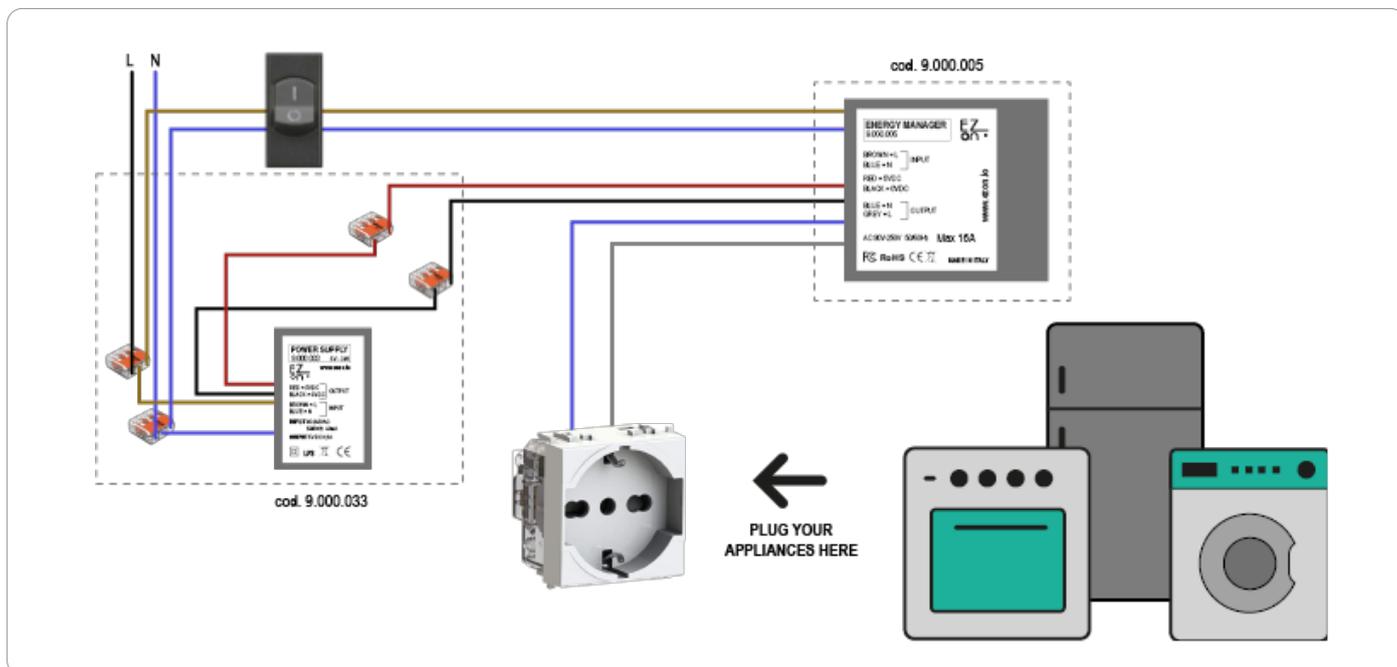

Keep track of your consumption and avoid disconnections from the grid.

ezone.io Energy Manager implements distinct features but it's always easy to use like all the others **ezone.io** modules.

Once installed, starts to broadcast to all the **ezone.io** modules installed in your home, the instantaneous absorption data, and consumption statistics.

You could use it, combined with others **ezone.io Energy Manager** to automatically shut down electrical sockets based on the configured priority, thanks to the integrated relays.

As all the ezone.io devices is completely configurable and programmable.

The ezone.io ecosystem is manageable and programmable with the ezone.io companion APP. Available for free download from App Store and Google Play.

The ezone.io products should not ever be used in any way to manage medical devices or other technical products which are critical for the functioning of lifesaving or supporting systems, cause in the case of failure that may lead to the death or injury of a person. Usage of ezone.io devices in such systems requires the explicit written permission of the Mediatech Srl CEO.
