INSTALLATION INSTRUCTION AND EXAMPLES OF USE

AC MOTOR ACTUATOR
cod. 9.000.085

Product code:	9.000.085
Sizes:	38mm x 29,5mm x 14mm
Input number:	2
Relay characteristics:	AC 90V-250V	50/60Hz	Max 7A
Supply voltage:	5VDC (use code 9.000.033)
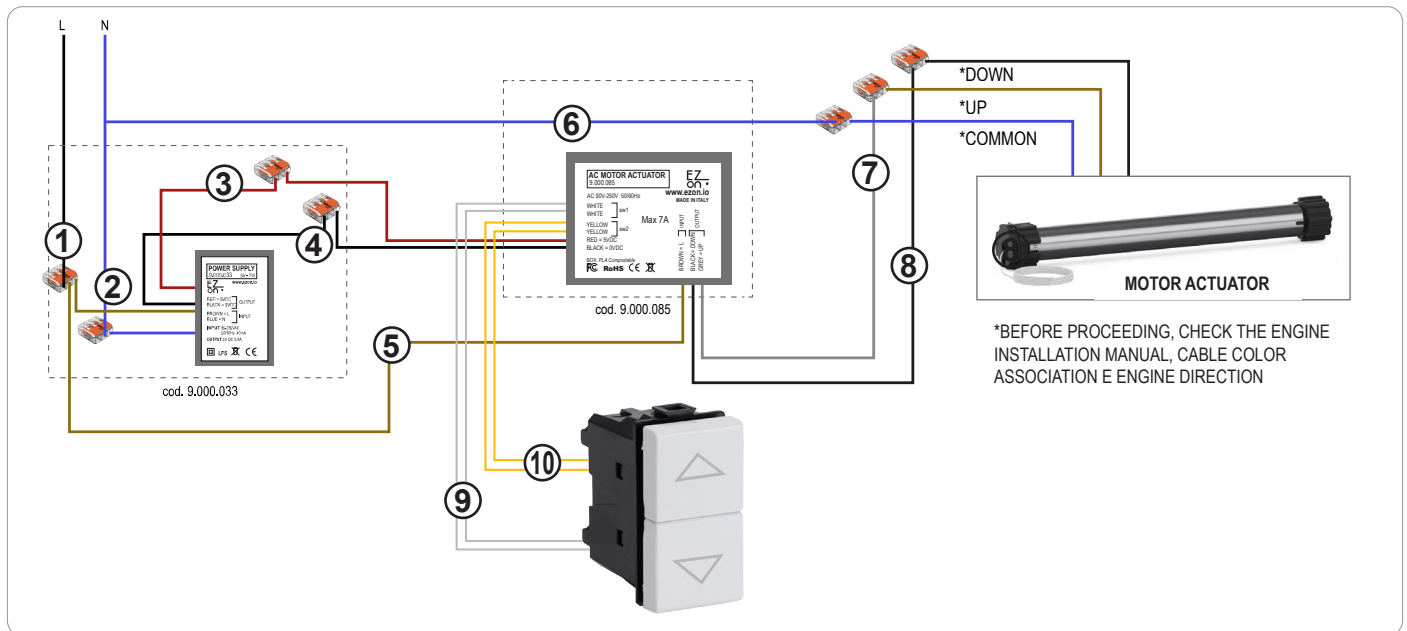

Ezon.io Motor Actuator code 9.000.028 requires a 5VDC power supply to function (we recommend using ezon.io power supply 9.000.033).

- Connect the phase and neutral of the power supply (brown and blue cables) to the phase (black or brown) and neutral (generally blue) of your system, thanks to the quick connectors supplied with the product 9.000.033. (points 1 and 2)
- Connect the positive (red cable) of the power supply with the positive of the Motor Actuator (red cable) using the quick connector supplied with the product 9.000.033. (point 3)
- Connect the negative (black cable) of the power supply with the negative of the Motor Actuator (black cable) using the quick connector supplied with the product 9.000.033. (point 4)
- Connect the brown wire (INPUT) of the Motor Actuator (phase) to the phase of the system (black or brown). (point 5)
- Connect the blue cable of the roller shutter motor to the neutral of the system using the quick connector supplied. (point 6)
- Connect the grey cable of the Motor Actuator (up) with the brown cable of the roller shutter motor using the quick connector provided. (point 7)
- Connect the black cable of the Motor Actuator (down) with the black cable of the roller shutter motor using the quick connector provided. (point 8)
- Connect the double up/down button for roller shutters using the inputs SW1 (white cables), SW2 (yellow cables). (points 9-10)

FYI. You can connect any type of switch, diverter, inverter, button, up/down to any ezon.io device that has inputs. It is not necessary to use all the inputs, if one or more inputs have not been used, isolate the cables.
Any input can be used to control any ezon.io module present in the system even if not directly connected thanks to the programming that can be done from the APP.

DOWNLOAD APP

GET IT ON
Google Play

DOWNLOAD APP

Download on
App Store

**The ezon.io system** can be managed and programmed through the ezon.io APP, available for iOS and Android and downloadable for free from the reference store.

Add a device

- Mount the device following the instructions in this manual;
- Open the **ezon.io APP** and log in or, if you do not yet have the credentials to access, proceed with the registration.
- If there are no systems associated with your account yet, you will be asked to create a new one, alternatively select the desired one from the list;
- From the initial screen, click on the symbol ⚙ corresponding to the name of the plant.
  N.B. If the system shown in the initial screen is not the one in which you wish to insert the new device, remember to modify it by clicking on the item "**Change or add facility**" in the "**Settings**" menu;
- Select "**Add a new ezon.io device**" 📶 ;
- Scan the association QR Code shown on the device. To be able to carry out this operation you must have given authorization to the phone's camera;
- Follow the instructions provided by the APP.
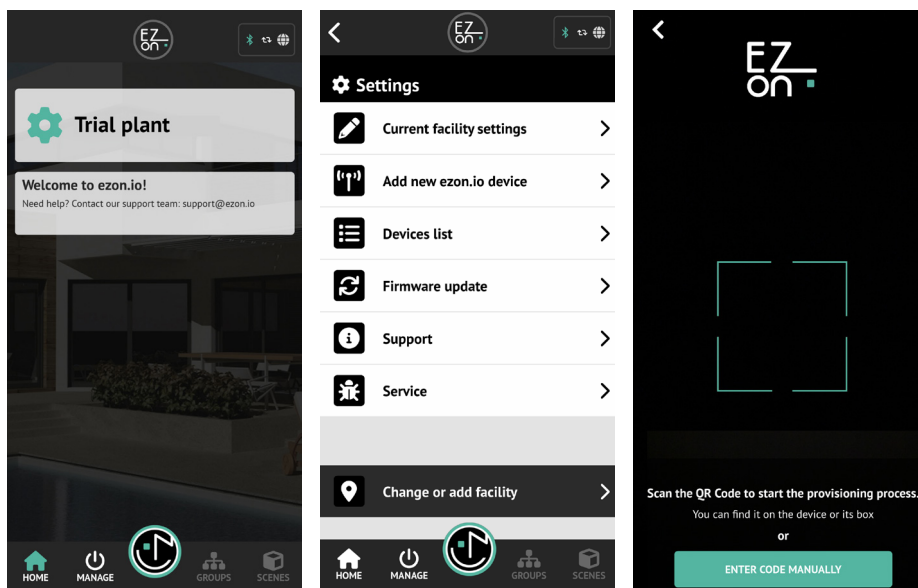

Once associated, change the settings and status of the device by clicking on "**MANAGE**" ⏻ MANAGE
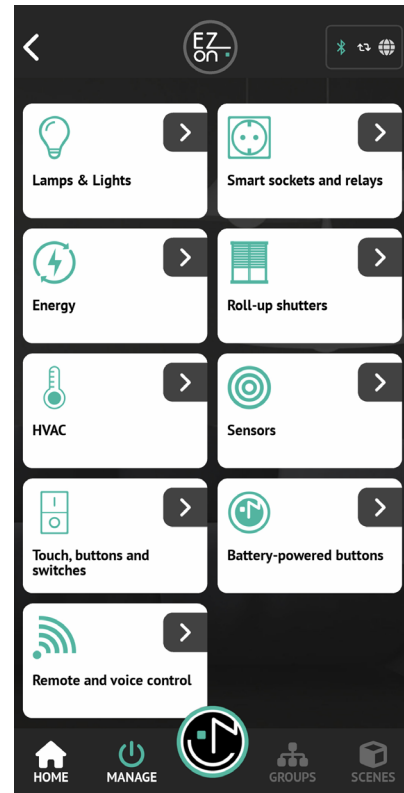

APP INSTRUCTIONS

For further information regarding the use of the APP, refer to the online guide by framing the QR Code.
